

ACKNOWLEDGMENT

We would like to acknowledge the contributions of the following group and individuals to the development of this thesis paper: Our class peer research group for the cooperation and camaraderie. We would also like to thank the Baguio City PAGASA Weather Station and Dr. Salvador Olinares of PAGASA. We are also heartily thankful to our research adviser Mr. Joseph S. Tabadero Jr and our critic reader Ms. Melanie Matias, whose encouragement, guidance and support from the initial to the final level enabled us to develop an understanding of the subject. Lastly, we offer our regards and blessings to all of those who supported us in any respect during the completion of the project.
